PROJECTS

NavigateEDU – [GitHub](#) | [App](#)

- Used Skills: ReactJS, ExpressJS, HTML/HTML5, CSS, JavaScript, Bootstrap, Material UI, Figma.
- Developed a 70+ hour full-stack application over a 5-day hackathon with UI/UX designers.
- Implemented back-end API with several language translations throughout the entire application.
- Replicated front-end color palettes and design patterns of almost 100% accuracy from Figma ideas.
- Pushed nearly 50% of over 160 commits through git amongst a group of 4 software engineers.
- Created various hooks such as useState, useEffect to display an advanced front-end carousel navigation with hover over animations.

TFT Cheatsheet – [GitHub](#) | [App](#)

- Used Skills: HTML/HTML5, CSS, JavaScript, EJS, mongoDB/mongoose.
- Utilized a Node.js backend that incorporates all create, read, update, delete (CRUD) operations.
- Innovated visually appealing and UI manually and user interface with vanilla JavaScript.
- Created a database of over 200 stored users using Google OAuth account creation using Azure and MongoDB

Fitness Bros – [GitHub](#) | [App](#)

- Used Skills: ReactJS, HTML/HTML5, CSS, JavaScript, EJS, mongoDB/mongoose.
- Developed a full-stack 7-day application with a complex backend working with 3 software engineers.
- Built in multiple APIs that tracks 1000's of exercises and meals.
- Planned and organized 100% of the front-end UI design and state management using Trello and Whimsical.

WORK EXPERIENCE

Front-End Developer

August 2022- Present

Jack's Barbershop, Austin, TX

- Developed and designed a React.js web-application that increased overall sales by 15%.
- Supported the company's social media platforms, increasing the traffic and boosting satisfaction by 50%.
- Mobile friendly user interaction with visually appealing UI and google API implementation.

Compounding Pharmacy Technician

May 2019 – June 2022

Tarrytown Pharmacy, Austin, TX

- Managed drug inventory to ensure 100% stock availability of essential drugs.
- Taught several junior pharmacy technicians who became long time employees for the company.
- Worked directly with the pharmacist to compound and package over 200 medications daily.
