## TECHNICAL PROJECTS

**TFT CHEATSHEET - GitHub | App - CSS, JS, HTML, git, EJS, mongoDB/mongoose, Google OAuth**
*An app that's a forum and guide for the game "Teamfight Tactics" where users can read and create reviews*
- Used a Node.js backend that incorporates all create, read, update, delete (CRUD) operations for each forum post.
- Implemented Google OAuth where users can sign in using their google accounts.
- Created all CSS and UI manually without the use of NPM packages or bootstrap.

**JACK'S BARBERSHOP - GitHub | App - CSS, JS, HTML, git, ReactJS**
*Official React webpage for a family owned barbershop business in Texas*
- Created several component hierarchies and prop drilling using React.
- Added React Hooks such as useState and useEffect.
- Implemented screen size adaptability and mobile friendly user interaction.

**NAVIGATEDU - GitHub | App - CSS, JS, HTML, git, ReactJS, API, Bootstrap, Material UI, Figma**
*An application stressing digital equity where users can learn about the web and online interfaces*
- Applied a complex carousel for lessons using expert knowledge of CSS and JS animations.
- Collaborated with UI/UX members to create a well designed application within a 5-day sprint Hackathon.
- Created a back-end side using an API that changes the language of the displayed text to varying languages.

**FITNESS BROS - GitHub | App - CSS, JS, HTML, git, EJS, mongoDB/mongoose, ReactJS, Trello, Whimsical**
*Fitness website where users can track their exercises and diet through their profile*
- Wireframed and planned UI design of application using Trello and Whimsical.
- Made frequent commits using Git control throughout the production of the application.
- Implemented one API for exercises and another API for nutritional searches for users.

## EXPERIENCE

**Tarrytown Pharmacy, Compounding Pharmacy Technician**                    *Austin, TX, 05/2019 - Present*
- Worked as a team to make compounding medications such as troches and creams for patients in need.
- Learned how to adapt to different situations quickly as I was assigned to various responsibilities.
- Communicated regularly with the pharmacist and full-time staff.

**Longhorn Pre-Pharmacy Association, Vice President/Volunteer Chair**      *Austin, TX, 08/2015 - 05/2019*
- Worked as a team to lead a future pharmacists group of over 150 members.
- Hosted and attended more than 100 volunteer events accumulating over 600 hours of volunteer service hours.
- Spoke bi-weekly in front of over 130 students promoting events.

## EDUCATION

**General Assembly**                                                       *Remote, Certificate: 08/2022*
Full-stack software engineering 420+ hour program focused on product development fundamentals, object-oriented programming, MVC frameworks, data modeling, and team collaboration strategies.

**University of Texas at Austin,** Bachelor's of Science in Chemistry      *Austin, TX, Graduated: 05/2019*
